has risen considerably of late and Rs 5 would be ~~[illegible]~~ inadequate for a cremation. The S. S. recommends that the rate may be raised to Rs 8 in the case of patients dying in hospitals. It is also for consideration whether the rate should be enhanced in the case of cremation of 'paupers' generally or only in the case of patients in hospitals as the latter are with reference to corpses which can not be taken charge of by relatives in time (Vide letter no 850 dated 1st March 1929 from the Supdt Mental Hospital). In the case of Europeans & Anglo Indians the rate is Rs 9 per body.

Encl 5 P. W.D.

It is also for consideration whether the enhanced rates may be adopted in the cities of Bangalore & Ulsoor only where the cost of carriage of the dead body & of fuel to the cremation ground will be much more than in the mofussil or whether the enhanced rates may be given effect to in all places.

K.P.: 11.4.29 The Senior Surgeon wants the existing rate of Rs 5/- fixed for the disposal of ~~pat~~ paupa patients dying in Hospitals, to be raised to Rs 8/- in the case of disposal by cremation.

Evidently on the strength of the word "disposal" occurring

In enclosing an extract from the auditor's report regarding the expenditure incurred on account of cremation of a dead body, I have the honor to inform you that the minimum expense on that account is estimate as follows:-

Cart hire for carrying the body.		Rs.1-8-0
do for carrying fuel		Rs.1-8-0

I request sanction of Government be obained for incurring the enhanced rate in future, for cremation, when the relatives of the dead patient cannot come in time to take charge of the body.

Extract from the auditor's report on the accounts of the Mental Hospital.

(9) Rs. 5/- are allowed for cremation of each dead body not taken over by the guardians. On the 21st of July 27 extra fuel to the extent of 2,400 lbs. was purchased for the same purpose in addition to the usual charges of Rs. 5/- per body. The Superintendent stated that the extra expenditure over and above the rate fixed by Government was allowed by the Senior Surgeon in his No. D.C. 5-1, dated the 26th October 1923 and this has been taken as sufficient authority for allowing excess expenditure in subsequent instances. Sanction of Government may kindly be obtained to get the rate enhanced if the present rate of Rs.5/ is found to be inadequate.
